Throughout her 30 years of experience in Advanced Sales, Ellen has had the privilege of working with and learning from some of the finest planners, attorneys and accountants in the field today. At National Life Group, Ellen is Director of Advanced Sales.

A former business owner, Ellen was in private practice as the principal owner of both an Advanced Planning Consulting Firm and a Law Practice that specialized in business and estate planning. Ellen has specialized in the design of business succession and non-qualified benefit plans for business owners and wealth transfer designs for high net worth clients.

Ellen has authored numerous articles and has presented at many industry meetings, including ASPPA (American Society of Pension Professionals and Actuaries) and MDRT.

A native New York City resident, Ellen and her family moved to Vermont in 2011. Enjoying the 10 minute rush hour, hiking in pristine mountains and joining in community activities, Ellen has learned to love the Vermont life while still appreciating the fast pace of New York City.
