## Rate Revision for Oklahoma BFAC

*There was a typographical error in the Oklahoma BFAC Medicare Supplement Rate Revision email sent October 26, 2020. It incorrectly listed Plan N as having a 12% increase. Please refer to the new chart below in regards to Plan G receiving a 15% increase. The full bulletin has been updated and is available in the ADDS® Library.*

Effective January 1, 2021, a rate revision will apply to Plans A, F and G for the B 21492 Preferred and Standard Medicare Supplement products with **Bankers Fidelity Assurance Company® in Oklahoma**. Pursuant to the administration of Oklahoma regulations, this rate increase will be applied to policyholders on their first premium due date occurring on or after January 1, 2021, regardless of whether the policy is "Attained Age" or "Issue Age" rated. Please refer to the chart below:

Plan	Rate Increase
A	15%
F	15%
G	15%

The outlines of coverage have been updated with the new rates and will also be available in the ADDS® library on January 1, 2021.
