Flexibility of three options

Effective June 15, 2020, Lincoln is proud to introduce the new *Lincoln Enhanced Value*™ Rider, available on *Lincoln WealthAccumulate*® IUL (2019). This Rider will replace the current Alternate Cash Surrender Rider, also known as the Exec Rider.

The *Lincoln Enhanced Value*™ Rider (LEVR) allows business owners to reposition current assets of the company to purchase life insurance, while still being able to maintain the majority of the premiums paid as surrenderable liquid assets. It is primarily sold through Simplified Issue and Guaranteed Issue underwriting programs on multiple lives.

The surrender value upon full surrender of the policy to which this rider is attached will be increased to an Enhanced level so that it will be at least as large as the stated percentage of the summed premium contributions to date less Debt.

Rider Highlights

- Now offering more flexibility by adding two additional Benefit Options to the currently available 100% level on the Exec rider:
 - 100% ROP
 - 93% ROP
 - 85% ROP
- There will be a charge for the rider which varies by Issue Age and Substandard
- Primarily sold through Simplified Issue/Guaranteed Issue on multiple lives
- 10-year benefit period that grades down in years 8+
- Levelized and Semi-heaped compensation structure that's in-line with competitors
- Normalized target premium to match base product target (at 100% benefit level)
- Target premium increases with each step down in ROP Benefit level
- Higher gross commission rates than the Exec Rider because of the normalization of target
- Payout percentages adjusted to pay a higher percentage in the early years
- Reduced payout schedule from 6 years to 5 years and reduced renewal % in year 6+
- New LEVR Comp Builders will need to be completed in order to sell the LEVR. The new Comp Builders can be located on the Forms Tool on LFG.com.

Chargebacks and Compensation

- Commissions will be charged back on a two-year rolling basis upon policy lapse or surrender, meaning that the most recent two years of Commissions will be charged back upon any lapse at any point while the LEVR Rider is in force.
- No chargeback on Specified Amount decrease while the *Lincoln Enhanced ValueSM* Rider is in force.
- Withdrawal does not chargeback comp, but a withdrawal will cause this rider to terminate, after which normal policy rules will apply.

Transition Rules

The *Lincoln Enhanced ValueSM* Rider (LEVR) will replace the current Alternate Cash Surrender Rider, also known as the Exec Rider. For states that are approved at rollout there is a transition period which begins on **June 15, 2020 and ends June 29, 2020**.

- **For the Exec Rider**, formal applications must be signed, dated and received in-good-order in Lincoln's home office by the end of the transition period to qualify.
- **For LincXpress[®] Tele-App Cases**, a complete ticket and required solicitation forms must be received and the client interview completed.
- **For pending business or policies already issued**, Lincoln will accept a written request and a revised illustration to replace the Exec Rider with LEVR.
- **For policies already placed**, normal internal replacement guidelines apply. Rewrites will not be allowed.
- **For states approved after rollout**, the transition period will be communicated with the availability date.

New Life & Annuity Producer Agreement

Effective June 30, 2020

The updated version of the Producer Agreement is required for new producers and anyone initiating a change to their existing agreement. The updated agreement includes the following changes:

- Strengthened independent contractor language making it clear producers are independent contractors, not employees
- Included new conflicts of interest and standard of care sections as a result of SEC Regulation Best Interest (Reg BI) and other best interest/fiduciary regulations
- Removed DOL language
- Added Privacy/info security language
- Updated Indemnification section

The changes impact ABGA and GA, since all levels sign a producer agreement today. It also impacts MGA non-managing levels and all producers. Channels and levels that are not required to sign a producer agreement today are not impacted (MGA Managing Levels, Direct Wholesale, Financial Institutions, RPS, Bank, Wire).
