New for 2020!

- As of January 1, 2020, members enrolled in an AARP Medicare Supplement Plan in most states can take advantage of beneficial services through At Your Best by UnitedHealthcare™.¹ This new offering includes health and wellness resources, a fitness component², discount programs and support services - **all at no additional cost!**
- Effective in 2020, male and female rating will be implemented in most states resulting in different rates based on the individual's biological sex. In Florida, this change impacts both current modernized plan insured members (those with plan effective dates of June 1, 2010 and later) as well as new enrollees. Members with plan effective dates prior to June 1, 2010 will remain in their current rating structure.
