

Idaho adopts the Secondary Addressee requirement

Mandatory use of new application set for October 9

NGL has replaced the application in the Idaho AssetGuard application kits with the secondary addressee form [2735FE-SA](#) to assist in complying with the state's recently adopted secondary addressee requirement.

The requirement specifies clients have the right to a secondary addressee— to designate an additional person to receive notification of possible lapses or cancellation in coverage. The newly added secondary addressee section is not required to be completed, but an agent does need to offer the option.

Dates:

- Please begin using the new application immediately
- Beginning Monday, October 9, policy issuance will be delayed if secondary addressee application form 2735FE-SA is not used.

If you have any questions, please contact our office.

For producer use only. Not for use by the general public.
